

“Working with Gloria, I learnt new insights on how to manage projects & initiatives successfully. Particularly Gloria’s experience of employee engagement and communication sessions. Using enthusiasm, vision and dedication Gloria achieved great things. The successful introduction and more importantly the successful ‘use’ of a global knowledge portal was a major milestone in FIS history thanks to Gloria’s commitment. I loved Gloria’s drive, consistent enthusiasm and positive mindset. Gloria will bring a lot to any role or position.”
